

How is this resource organized?

This resource is organized in such a way that the words are arranged into 6 groupings. Each grouping corresponds to a distinct grouping of sounds (the sound flashcards):

Word lists 1-6 correspond to sound groupings
(s, a, c/k, l, t, b, i, m, n, r)

Word lists 7-12 correspond to sound groupings
(p, e, f, u, d, o, g, j, v, y)

Word lists 13-21 correspond to sound groupings
(é, oi, ou, ch, qu, on, z)

Word lists 22-25 correspond to sound groupings
(in, un, â, x, h, ê)

Word lists 26-31 correspond to sound groupings

Word lists 32-37 correspond to sound groupings

In addition to the word lists, there are 37 source words for the sound flashcards.

Each source word is a word of particular educational value. The source words are listed as an informed consumer created by me to enable your awareness.

The number of sounds in each word would increase to 3 and 4 sound words.

For example, the word **am** has 2 sounds: /m/a/. It is on List 1.

The word **asc** has 3 sounds: /s/a/c/. It is on List 2.

Sounds that are pronounced are in bold and sounds that are not pronounced, are not in bold, example: **lire**

Digraphs (when two letters come together to make one sound - ou, ch, on), are underlined for easy reading of words, example: chat

How do I use this resource?

Use the words lists to complement the learning and of the different sounds on the flashcards. As you teach flashcard, teach a corresponding word that uses that sound.

For example, after teaching the sounds taught.

It is important to remember that suit the needs of each individual a guideline and can be changed extension words provided.

To reinforce the learning learning centers or
